Back ground is racing, Grandparents and parents breed Standardbreds used to do track work and jog up pacers and Thoroughbreds. Played a tiny bit of PoloX, ridden a few Polo ponies before I was told I was bad luck and shouldn't touch them. Evented up to Pre-Novice with a horse called BE. Show jumped several horses to "D" grade Raced in the Pony Trots at Gloucester Park with several ponies, ranging in sizes. Came up through the pony club system didn't get to finish my A Certificate before I got too old and kicked out of Pony Club so started my NCAS level 1 instead, where I competed in all fields from Prince Phillip games, Handy Pony, Dressage, Jumping and Tetrathlons.

Currently re-educates the occasional horse and pony on my property in Bullsbrook. I like to break ponies in to Harness as they are more fun than real horses.

Current Horses:

- Nikki – a New Zealand TB Broodmare in foal to Royal Oak II,
- Bosley - a 6 year TB straight off the track,
- Victor - a lovely Palouse pony 11 hands he is the ride-on lawn mower and
